Visiting Cardinal Thoroughly Familiar

With Church Situation in
the United States.

While the American hlerarchy is looking forward with interest to the forthcoming visit of Cardinal Satolli to the
United States and that of Mgr. Falconio to Rome, it can be asserted on
authority that each journey will be made
independent of the other and is not
church in America.

It is not known in Washingtons when
Cardinal Satolli will arrive. He is coming in his capacity as prefect of the
Congregation of Studies in Rome to visit
the Catholic University of America, in
which the Pope has manifested stach interest and solicitude, and the St. Louis
Exposition, where there is the most
notable exhibition yet made showing
the progress of Catholic educations in the
United States.

While in the United States Cardinal
Satolli may officiate at a prominent
wedding in New Jersey. It is not unlikely that he will bear messages of estem from the Pontiff to eminent churchmen in America, and while bere rivill incidentally observe the progress made by
Catholic institutions since he returned
to Rome to become one of the prominent
members of the College of Cardinals.

Knows All Details.

It is said to be absurd to assert that
Cardinal Satolli will come to the United
States to investigate church conditions.
He was the first apostolic delegate to the
United States, and while bare posttolic delegate to the United States in the conditions here and
in Canada, and has kept the Vatican informed of the evolution of church and
educational conditions in the American
hleararchy since the departure of Cardinal Satolli will come to the United

back in the United States by the latter part of July.

Notwithstanding these facts, which have been cerified on the highest authority in Washington, numerous false and misleading reports have been circulated, based principally upon cablegrams from Paris and Rome, attributing the journeys of these two eminent churchmen to discordant conditions and difficulties between the archbishops of the United States and Mgr. Fakonio.

There is no truth whatever in the assertion that Cardinal Satolli is coming to the United States to settle any disputes among the bishops. The very best relations are existing between the American hierarchy and the apostolic sertion that there is any divergence between the American bishops and the views of the Pontiff.

Cardinal Satolli to this country is for Cardinal Satolli to this country is for the purpose of arranging matters touching on the Pope's decree calling for the re-establishment of the Gregorian chant in all the Roman Catholic Edwards, Miss Alice Edwards, Miss Anne I the re-establishment of the Gregorian chant in all the Roman Catholic

chant in all the Roman Catholic churches and the elimination of woman singers from the choirs.

It can be positively asserted on reliable authority that at the last meeting of the Catholic archbishops in Washington it was agreed to introduce as soon as possible, according to circumstances, the orders of the Pontif regarding the Gregorian chant, and it is false to assert that a petition was sent by the archbishops to the Pope in order to obtain permission not to put into execution the orders of the Holy See regarding said music.

of the archbishops to the Pope in order to obtain permission not to put into execution the orders of the Holy See regarding said music.

The action taken by the archbishops of the American hierarchy regarding the papal letter concerning church music when they last met at the Catholic University may be absolutely stated as follows:

The Situation Summed Up.

church music was carefully considered. Gafford, Miss Ennie Gaines, Miss Lannie The letter of the pontiff concerning tion of the views of the Pope who, while giving special approval and encouragement to the use of the Gregorian chant. is far from insisting on it exclusively, but dwells at length on the excellence of the sacred compositions of the school of Palestrina, and praises likewise such works of modern music as have in like manner aimed at expressing the Divine manner aimed at expressing the Divine worship in a religious manner. Similarly it was noted that, while urging the formation of male choirs, he encourages congregational singing of the Divine service, in which the voices of women are naturally included. It was stated that a commission has already been appointed in Rome to solve the many dubia occasioned by the papal decree, the decisions of which will be useful for the guidance of the American hierarchy. It was urged that measures
